

EcoEMULSIFIER™

DIRECTIONS FOR USE

EcoEMULSIFIER™ is a unique blend of emulsifiers that is specifically designed to work with EcoEXEMPT® MC Misting Concentrate to create and maintain a stable emulsion in systems using storage tanks, and enhance performance in tankless systems, for automatic misting systems.

Mixing: EcoEMULSIFIER™ should be used with EcoEXEMPT® MC at a 1:1 ratio in systems with tanks, regardless of water content and tank size. EcoEMULSIFIER™ should be used with EcoEXEMPT® MC at a ratio of 1:2 in tankless systems. Refer to EcoEXEMPT® MC label for use rates and mixing instructions. When filling storage tanks, fill half the tank with water, mix EcoEMULSIFIER™ with EcoEXEMPT® MC at a 1:1 ratio in a pail and stir for 15-20 seconds, then add blended EcoEMULSIFIER™ and EcoEXEMPT® MC to the storage tank, and fill the balance of the tank with water. Any agitation in the tank will maintain the micro-emulsion for longer periods. When using tankless systems mix the EcoEMULSIFIER™ with EcoEXEMPT® MC at a 1:2 ratio in a pail and stir for 15 - 20 seconds then add blended EcoEMULSIFIER™ and EcoEXEMPT® MC to the system holding receptacle.

STORAGE & DISPOSAL

Storage: Store upright at room temperature. Store only in original container. Avoid exposure to extreme temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with trash.

Container Disposal: Rinse and offer for recycling, or puncture and dispose of with trash.

PRECAUTIONARY STATEMENTS

May cause eye irritation. May cause drying of the skin. Do not use, pour, spill or store near heat or open flame.

USER SAFETY RECOMMENDATIONS

User should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove clothing immediately if product gets inside. Wash thoroughly and put on clean clothing.

FIRST AID

If in eyes: Flush with plenty of water for 15-20 minutes. Get medical attention if irritation persists. **If on skin:** Wash with plenty of soap and water for 15-20 minutes. Get medical attention if irritation persists. **If inhaled:** Move exposed person to fresh air. If not breathing, give artificial respiration. Get medical attention. Rinse mouth out with water. Do not induce vomiting. Get medical attention if necessary.

Questions or Comments: Call 1-888-326-7233 weekdays, 9 a.m. to 5 p.m. CST. Chemical Safety Information: Call 1-800-535-8053 anytime (InfoTrac Chemical Response System).
