DIRECTIONS FOR USE

Tank Mix: Add 2 - 4 oz. of Odorcide Concentrate per gallon of Tank Mix. For dead rat and mouse odors, use 4 oz. per gallon of Tank Mix and spray area thoroughly after removing bodies.

Floors & Carpets: DO NOT USE ON WOOD FLOORS. For other floor areas mix as stated above, spraying lightly. Best results can be obtained by mixing 6 oz. per gallon of hot water in a conventional steam carpet machine.

Dumpsters & Garbage Containers: Add 16 oz. to 1 gallon of hot soapy water and apply to all sides, top and bottom of container.

Dog Kennel: Mix 6 oz. in hot soapy water and scrub dog runs. Simply rinse off with water afterwards.

Precaution: The chemical used in this product will not harm most surfaces. However, a white spotting or filming may occur when this product contacts highly waxed surfaces. To remove these spots simply re wax.

Notice of Warranty: Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material.
