Mole Repelling Granules

Great for Lawns,
Golf Courses,
Schools & Parks

CAUTION:
KEEP OUT OF REACH OF CHILDREN

TREATS 2,500 SQ. FT.

PREVENT

MOLE DAMAGE

Active Ingredients:
Made it a combination of all
natural essential oils.
NET WEIGHT: 5 lbs. (2.27 KG)

PRECAUTIONARY STATEMENTS: Avoid contact with eyes and skin. Do not swallow.
STATEMENT OF PRACTICAL TREATMENT: *IF IN EYES:* Flush with plenty of water. *IF ON SKIN:* Wash with soap and water. *IF INHALED:* Get into an area where fresh air is available. *IF SWALLOWED:* Call a physician.

DIRECTIONS FOR USE:
This product can be used effectively on lawns, gardens, in flowerbeds, around playgrounds, golf courses and other turf recreational areas to repel moles.

MOLE OUT can be applied directly from this container with its sprinkler cap or from lawn spreaders. The product may be applied to either wet or dry areas and should be applied in early Spring, Summer and Fall.

INITIAL APPLICATION: Apply 1 tablespoon full of **MOLE OUT** directly into the mole runway (tunnel) at approximately 5' intervals by punching a 1" hole into the mole runway. After applying product into each hole, cover the hole with soil. Upon completing the above procedure, apply **MOLE OUT** at the rate of 1 pound per 500 Sq. Ft. (5 lbs. covers 2,500 sq. Ft.). Water down product well where product is applied.

FOLLOW UP APPLICATIONS: Apply in early Spring, Summer and Fall. **NOTE:** If applying from sprinkler cap of this container, lightly sprinkle product over area evenly. **NOTE:** The area where product was applied should be thoroughly watered down before each mowing, to prevent product from being picked by lawnmowers.

STORAGE AND DISPOSAL: Place the original container in a cool, dry area. Do not reuse Empty container. Securely wrap in newspaper and discard in trash. Do not apply to water, lakes, streams or ponds.

EASY APPLICATION APPLY 1 LB. PER 500 Sq. Ft. **EASY APPLICATION.**
