

GOOSECHASE

Bird Repellent Concentrate for
The Turf Industry
◆◆◆ REORDER 800-662-5021 ◆◆◆

EPA Registration No. 66550-1-8708, Establishment No. 49292-WA-1,
U.S. Patent No. 5,296,226

Net one U.S. Gallon (3.78 liters) 128 fl. oz.

ACTIVE INGREDIENTS

methyl-2-aminobenzoate 26.4%

INERT INGREDIENTS 73.6%

TOTAL 100.0%

WARNING: KEEP OUT OF REACH OF CHILDREN

This product contains 2.27 lbs. of active ingredient per gallon and has been formulated from food grade ingredients that are Generally Recognized as Safe (GRAS) by the U.S. Food and Drug Administration.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING: Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes or on clothing. Avoid contact with skin. Wear goggles or face shield. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

FIRST AID

IF IN EYES: Hold eyelids open and flush with a steady stream of water for 15 minutes. Get medical attention.
IF SWALLOWED: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting. Do not induce vomiting or give anything by mouth to an unconscious person.

IF ON SKIN: Wash with plenty of soap and water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

Do not apply directly to fish-bearing bodies of water, to areas where surface water may contaminate streams or lakes, or to intertidal areas below the mean high water mark.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

STORAGE: Store only in original container apart from pesticides, fertilizers, food or feed that may cause cross-contamination from odor, in areas inaccessible to children, pets and domestic animals. Avoid freezing or placing containers in direct sunlight. If frozen slowly thaw and remix contents. Keep tightly closed when not in use.

REPELLENT DISPOSAL: Wastes resulting from the use of this product may be disposed of on site at a waste disposal facility by exposing to direct sunlight until all odor or the product has dissipated or in accordance to Federal or State procedures.

CONTAINER DISPOSAL: Triple rinse. Offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

CONDITIONS OF SALE: The manufacturer (we/us) warrants that this product conforms to its printed specifications at the time of manufacture. If the product is found to be non-conforming and the buyer (you) notifies us and provides proof of purchase and non-conformity within one year of the date of purchase we will replace the product or refund the purchase price at our option. Because we have no control over subsequent transportation, environmental factors or use of this product we make no further warranty. **THIS WARRANTY IS IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION THE WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE.**

You understand that part of the price of any product is the cost of claims, litigation and insurance if any. You, in partial consideration of the purchase price, agree that any legal action related to this product or its use will be brought, if at all, within one year of the purchase date and shall not exceed the purchase price plus reasonable transportation costs whether the claim is brought in contract, tort, warranty or otherwise. You agree that we shall not be liable for special, indirect or consequential damages. Some states do not allow the limitation of special or consequential damages. If you live in one of these states you may have different rights.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS: This product may be used to reduce use of turf areas by Canada geese (*Branta canadensis*); and discourage ducks and geese (Family *Anatidae*) from using non-fishbearing bodies of water (tailing ponds, commercial or industrial water impoundments) and temporary pools of standing water located at or near airports. **Preparation and Mixing Directions.** Warn, in the sun or a water bath to 75°F if any part of the formulation has solidified. Mix liquid concentrate solution with a blade or paddle until ingredients are evenly distributed before adding to water. Do not mix with other pesticides or fertilizers.

Turf. Mix 2 to 8 gallons of GooseChase concentrate with sufficient water to make 60 gallons of mix. Apply 60 gallons of mix per acre, making sure that turf is thoroughly saturated. Reapply product at intervals of 7-14 days, or after each mowing, if necessary to maintain repellency. Attempt to prohibit or discourage humans from feeding geese on or near areas from which the birds are to be excluded. Do not apply this product to wet surfaces. Repeat treatment if heavy rains occur within 2 hours of application.

Non-fishbearing bodies of water: Add 1-2 parts of concentrate per 400 parts of water in the body of water (1-2 gal/53 cubic feet of water). Estimate the volume of standing water by considering the depth, length, width and shape of pool and using appropriate mathematical formulas. Calculate the amount of concentrate needed to treat the pool within the prescribed rate range. Add undiluted concentrate directly to entire pool surface until the appropriate amount has been applied. Reapply at 3-4 week intervals if necessary to maintain repellency.
